Ahmedabad - 380009, India

Contents

| | |
|--|----|
| List of tables | iv |
| List of figures | v |
| Chapter 1 Introduction | |
| 1.1 Nitrogen in the Earth | 2 |
| 1.2 The present study | 4 |
| 1.2.1 Experimental approach | 4 |
| 1.2.2 The samples | 5 |
| 1.3 The conventions followed | 9 |
| 1.4 Outline of the thesis | 10 |
| Chapter 2 Experimental details | |
| 2.1 Introduction | 13 |
| 2.2 The VG Micromass 1200 | 13 |
| 2.3 The extraction system | 14 |
| 2.4 Sample preparation | 20 |
| 2.5 Standard Procedures | 20 |
| 2.6 Calibration of the mass spectrometer | 26 |
| Chapter 3 Nitrogen in Diamonds | |
| 3.1 Introduction | 28 |
| 3.2 Experimental | 30 |
| 3.3 Results | 31 |
| 3.3.1 Nitrogen | 34 |
| 3.3.2 Argon | 37 |
| 3.4 Discussion | 38 |
| 3.5 Summary | 46 |

| | | |
|-----------|--|-----|
| Chapter 4 | Nitrogen in the Oceanic basalts | |
| 4.1 | Introduction | 49 |
| 4.2 | Experimental | 50 |
| 4.3 | Results | 51 |
| 4.3.1 | Argon | 54 |
| 4.3.2 | Nitrogen | 55 |
| 4.4 | Discussion | 57 |
| 4.5 | Summary | 68 |
| Chapter 5 | Nitrogen in the Mantle xenoliths | |
| 5.1 | Introduction | 71 |
| 5.2 | Experimental | 71 |
| 5.3 | Results | 72 |
| 5.3.1 | Noble gases | 73 |
| 5.3.2 | Nitrogen | 81 |
| 5.4 | Discussion | 83 |
| 5.5 | Summary | 89 |
| Chapter 6 | Nitrogen in the Mantle | |
| 6.1 | Introduction | 91 |
| 6.2 | Mantle nitrogen— an evaluation from the present study | 92 |
| 6.3 | Evolution of the Mantle nitrogen— <i>a model</i> | 95 |
| 6.4 | Summary | 101 |
| Chapter 7 | Nitrogen in Mars- <i>what do the Martian meteorites tell us?</i> | |
| 7.1 | Introduction | 104 |
| 7.2 | Experimental | 107 |
| 7.3 | Results | 108 |
| 7.3.1 | Noble gases in the Martian meteorites | 108 |
| 7.3.2 | Noble gas components in the Martian meteorites | 117 |

| | | |
|--|---|-----|
| 7.3.3 | Nitrogen in the Martian meteorites | 118 |
| 7.4 | Trapped nitrogen components | 121 |
| 7.5 | Summary | 132 |
| Chapter 8 Nitrogen in the Earth and the Mars— <i>a comparative planetology</i> | | |
| 8.1 | Introduction | 134 |
| 8.2 | Earth and Mars— a comparison | 134 |
| 8.2.1 | The mantles— a key to the source of the accreting materials | 134 |
| 8.2.2 | The atmospheres | 138 |
| 8.3 | Future research | 138 |
| Appendix | | 141 |
| List of references | | 151 |
