

# 'Thaltej Workshop'

## (A Mechanical Fabrication Facility)

- The 'Thaltej workshop', an extended facility of *PRL Workshop*, is engaged in serving the mechanical fabrication requirements of the scientific divisions, located at the Thaltej campus of the Physical Research Laboratory (PRL), Ahmedabad.
- It is also extending support to activities of PRL Workshop, as and when required.
- The experimental research objectives of PRL are achieved through ground and space based instrumentation.

- *The Thaltej workshop realizes these ground and space borne instrumentation, through it's team, while using it's fleet of machine tools.*
- *Fabrication of ground and space based instrumentation is achieved by the strong fleet of machine tools at Thaltej workshop.*
