

Venus Science Conference 2023

Venus-SC 2023

21-22 September, 2023

<https://www.prl.res.in/venus-sc>

Physical Research Laboratory, Ahmedabad

The Physical Research Laboratory (PRL) is organising the THIRD conference on Venus Science (Venus-SC 2023) in online mode. It focuses on modelling, observations, data analysis, conceptual design and scientific experiments for Venus exploration.

The conference aims to have limited oral talks on following topics, followed by discussion among a group of domain scientists. Abstracts on following topics related to Venusian science and exploration techniques for deriving the scientific outcomes are invited for oral and poster presentations.

Research Areas

- Interior, Surface Science
- Atmosphere, GCM, Lightning, Habitability
- Ionospheric Science, Venus-Solar Wind Interactions
- Interplanetary Dust Particles, IMF connection to Venus

Abstract Submission

5 - 25 August, 2023

Acceptance Notification

11 September, 2023

Conference Date

21-22 September, 2023

Scientific Organizing Committee

Anil Bhardwaj, PRL	U. Kadhane, IIST	T. P. Das, SSPO
Varun Sheel, PRL	K. Satheesan, CUSAT	N. Shaji, URSC
D. Banerjee, PRL	M. V. Sunil Krishna, IITR	R. Satheesh Thampi, SPL
D. Chakrabarty, PRL	N. V. Rao, NARL	Deepak Putrevu, SAC
Jayesh Pabari, PRL	T. Upadhyaya, CHARUSAT	

Local Organizing Committee

D. Mehta	V. Rathore
S. Jitarwal	Rashmi
A. Sahu	J. Kumar
A. Yadav	A. Verma

Convener: Jayesh Pabari
Secretary: Srirag Nambiar
Address: Planetary Sciences Division
Physical Research Laboratory
Ahmedabad-380009, India
